

ICHIGO ICHIE LIVE PAINTING PERFORMANCE IN TAKARAZUKA BY CZECH ARTIST VIT

THIS PERFORMANCE WAS HOSTED
BY THE CZECH PAVILION AT EXPO 2025 OSAKA, KANSAI, JAPAN.

In this performance, Vit paints a large circle on a big canvas with calm,
quiet music and narration.

During the show, people are the participants who can co-create the
artwork.

At the end, the finished painting is gently torn into many small pieces.
Each person receives one piece to take home.

It is a special art experience that happens only once, in that moment
